

TOUCH SCREENS 101

DO THESE FOLLOWING SCENARIOS SOUND FAMILIAR TO YOU.....

"We've added a new inventory line and we are limited on changes to our touch screens YUGH!"

"Will these touch screens really speed up the sales process?"

"How can I eliminate the need for this sheet at the register with various bulk item barcodes?"

Touch Screens 101

*No more struggling over touch screen changes. Have complete control over the design of your register touch screens.

*Bulk items that don't have a barcode can have a button on the touch screen eliminating the need for sheets at the register.

*Touch screens can be different for each register to accommodate departmental selling.

*Ability to suspend orders at the register should a customer need to grab additional items.

*Recalling customer orders and layaways at the register provides great customer service.
